

Hou boek - Keep record

Hierdie sigblad (spreadsheet) van die Oklahoma State University het 'n ingeboude formule wat jou help om te besluit watter bokke om te hou, en watter bokke om van ontslae te raak.

This spreadsheet by Oklahoma State University has a built-in formula that helps you decide which goats to keep, and which to get rid of.

'n "Goat Management Program" wat gratis en verniet is. Ek dink OSU is eenvoudig, straight-forward, maklik om te verstaan, maklik om te gebruik ... en dis gratis en verniet. Mens moet net 'n Desktop PC hê met Microsoft se Excel sigblad (spreadsheet). Ek glo nie mens gaan regkom op 'n slimfoon of tablet nie. As jy deesdae dalk moet betaal vir Excel, sal ek een van die gratis freeware spreadsheets aflaai van die internet af, hulle's net so goed.

A "Goat Management Program" that is free of charge. I think OSU is simple, straight-forward, easy to understand, easy to use ... and it's free! All you need is a desktop PC with Microsoft's Excel spreadsheet. I don't think one can work on a smartphone or tablet. If you need to pay for Excel these days, I will download one of the freeware spreadsheets from the internet, they are just as good.

Hierdie mense in Australië sê hulle het 'n gratis weergawe vir kleiner boere, minder as 500 bokke (hehe) genaamd "Practical Systems • Stockbook Freeware".

These people in Australia say they have a free version for smaller farmers, less than 500 goats (hehe) called "Practical Systems • Stockbook Freeware".

Livestock management record keeping.

Record Keeping Apps (Applications) • for smartphones

One can use sheep apps for goats too.

[Susan Schoenian, University of Maryland, USA](#)

<https://www.sheepandgoat.com/appsrecords>

App (Application) HerdBoss • I transfer all my handwritten notes to HerdBoss. This app is for sheep, it also works for goats. It's free and I can easily modify items in this. I also have it as an App on my iPhone and can put information in through that as well.

Erin Link, Ridgeland, Wisconsin, USA

<http://lhcgs.co.za.www100.cpt1.host-h.net/Home/>

Llewellyn Herbst sê Glims se livestock program sal nie op 'n
slimfoon of tablet werk nie, die program is geskryf vir 'n
desktop PC of laptop.

Llewellyn Herbst says Glims' livestock program won't work on a
smart phone or tablet, the program was written for a desktop
PC or laptop.

BenguFarm is geskryf vir Windows op 'n laptop en desktop PC.
